

Your Ultimate Dynamic 365 Solution for Effortless Vendor Payments!

Are you tired of manual payment processes and security concerns? Say hello to Pay Easy - the advanced Dynamic 365 product that simplifies vendor payments and enhances security, giving you peace of mind.

Features of Pay Easy

✔ Automated Vendor Payments

Save time and effort! Pay Easy allows you to easily configure automated vendor payments using various formats, including ACH, SEPA, BACS, IAT, and custom formats.

✔ Comprehensive Payment History

Stay informed! Pay Easy maintains a complete history of payment file generation, transmission, and acknowledgements, providing a comprehensive view of the payment process.

✔ Secure File Transmission

Your data, your way! Transmit payment files securely to banks through FTP servers, Email, or Cloud file storage, ensuring utmost confidentiality.

✔ Customized Vendor Notifications

Foster transparency! Configure personalized email notifications to vendors, offering summarized payment details for clear communication.

Why Choose Pay Easy?

✔ Streamlined Payments

Pay Easy streamlines your payment process, eliminating manual errors and delays for a seamless experience.

✔ Comprehensive Tracking

Keep tabs on your payment history, acknowledgements, and communications for transparent financial management.

✔ Enhanced Data Protection

Our secure file transmission ensures your sensitive data remains confidential, protecting your business and vendors.

✔ Flexible Payment Formats

Pay Easy supports various payment formats, giving you the freedom to choose the most suitable option for your business.
